Specialist Packages

Parties and Events – 60 to 120 minutes

With this, our clients get a variety of fun, feel-good and mysterious tricks that they and their guests will love seeing up-close and personally.

We specialise in parties that are suitable for all ages - whether it's a birthday party for a family-member or partner, a special occasion like an anniversary or graduation, a spooky themed event for Halloween, a surprise party (often with us as a unique gift!) or a magical Christmas celebration, our magic is perfect for getting our clients and their guests excited, engaged and entertained!

Our adult-focused magic is also suitably funny, mysterious and engaging for the more grown-up audiences. Including more mature themes, with some longer set pieces and a greater focus on psychological magic, our adult-focused performances work great for work-dos, stag and hen nights, dinner parties and more when there aren't people younger than 18 around.

We always work with our clients to make sure the guests have lots of fun and enjoy themselves. We create magic moments that are funny, puzzling and entertaining, adding real value, amazement and surprise to your event, making your party more memorable and lifting the whole atmosphere whilst entertaining and mystifying your guests and get them talking about it for weeks to come!

Weddings & Civil Ceremonies – Variable timings

People's weddings and civil partnership ceremonies are one of the most special days in their lives – and we are always honoured to come and share a bit of our magic on this most memorable occasion.

We're always flexible and happy to fit in with the plans on their special day. If they want some magic during the reception, whilst people are having their photos taken, between the union service and food, or after the speeches are done, we're the best magical entertainers for doing so!

With us, our clients get that variety of fun, feel-good and mysterious tricks which celebrate the happy couple's love and relationship, along with the ones people love seeing up-close and personally. All of this makes sure the happy union is remembered for years to come!

Children's & Family (Mr. Magicals) – 30 to 60 minutes

As Mr. Magicals, Alex is the most entertaining magician for a family and children's party!

Described by many happy customers as 'absolutely hilarious', 'fabulous entertainment' and 'fantastic service all round', Mr. Magicals brings professional and fun entertainment to that most special occasion in a young person's life: their own party.

Magic is a great way to get the little ones together and share something special with their friends and family. It doesn't matter whether it's in the home, a restaurant or event centre, if it's a birthday party, holiday party, school assembly, part of the Cubs, Scouts, athletics club, if it's a bar or bat mitvah, seasonal or festive, Mr. Magical's unique brand of comedy, fun and magic is an incredibly rewarding experience for any young person and their family.

Funny, silly, full of energy and always memorable, Alex loves to bring some high-quality and wonderful magic to children's celebrations as Mr. Magicals.

Mind Reading – 30 to 120 minutes

Psychological Artistry is a style of psychological magic and mind reading that has been made popular by many amazing performers such as Derren Brown.

The Psychological Artistry Live Mind Reading Shows are for the adult audience seeking something thought provoking and mysterious – a unique form of entertainment which offers a comedic twist on the conventional magic approach.

There's no better way to experience psychological magic and Psychological Artistry than to see it live and right in front of you: being part of something where you can personally witness what most people ever only see on television.

Ranging from close up to a small group of people, to mix-and-mingle at parties and events to a larger group, perhaps it's a mystery table experience where guests and attendees can come in and out, or even crowd pulling events at trade shows and restaurants, a Psychological Artistry Live Mind Reading show is great for all occasions!

All of these shows, packages and performances can be made to be completely flexible and can be combined, as every function and event are unique. We always talk to the clients and see what service they're after to ensure the best and highest-quality performance possible.
